This document is an ongoing project produced through a collective effort of policy experts, trainers, providers, and parents. The project was coordinated through the joint efforts of the Clinton County RESA, Office of Innovative Projects, and the Michigan Department of Lifelong Education, Advancement, and Potential. The intended audience is *Early On*® Coordinators, service coordinators, and providers. This document attempts to offer guidance regarding the implementation of Part C of the Individuals with Disabilities Education Act (IDEA) in Michigan, also known as *Early On*®. The guidance is based upon current interpretation of federal regulations and state policy.

During the development of this manual, numerous individuals offered much time and expertise through meeting, reading, writing and providing feedback regarding draft chapters. Their input has been invaluable. Sincere appreciation goes to all who have assisted in this effort. Appreciation also goes out to those who have made a commitment to the continual updating of this manual.
