

Strong Beginnings

Quick Start Guide Section 14: Reporting and Monitoring

What is the same?	What is new or different?
Reporting is similar	The budget and final expense reporting timelines are different as the Strong Beginnings fiscal year is July 1 to June 30. Data elements needed for children and families in Strong Beginnings are more in depth due to the research and evaluation components of the grant. They are detailed in this section.
Program evaluation is very similar.	N/A
MSDS reporting is generally the same.	There is a specified code for Strong Beginnings under Program Type in the Early Childhood collection which must be used for children enrolled in Strong Beginnings.
Administrative records are similar	N/A
ISD monitoring of subrecipients, monitoring of ISDs and on-site monitoring visits are similar.	Monitoring of the ISD by CCRESA will include documents and interviews related to the Family Liaison as well as those of the ISD and subrecipients. Fiscal and programmatic monitoring of each participating ISD is expected to be conducted by CCRESA during the pilot period. An expanded list of records to be kept for seven years is detailed in the Implementation Manual.
