

Infant Mental Health and You Monthly Series

Relationships Count Supporting the Social Emotional Competence of Infants, Toddlers, and their Families

Thursday, 01/07/16 5:00 – 7:00 PM

This “stand alone” workshop is part of an Early Childhood professional learning series being offered on the first Thursday evening of every month.

Our facilitator for this introductory session will be Jennifer Champagne, Ph.D. who will explore the impact of relationships on infant and toddler development. Our discussion will include how to support infants and toddlers as they learn how to form strong relationships with others, express and manage emotions and explore the world around them and problem-solve.
